## Lodge Notes and Fraternal Interests

Odd Fellows Memorial Sunday—Foresters Elect Officers  
Sons of Veterans Have Large Class—Elks Talking of Detroit Convention—Fraternal Benefit League had Two Fine Meetings.

### UNITED WORKMEN.

By a decision of the supreme court of Connecticut just handed down in the case of the Connecticut grand lodge of the Ancient Order of United Workmen, against the Massachusetts grand lodge of the same order, the latter must pay to the Connecticut body the sum of \$16,524.63, with interest from November 1, 1901.

The proceedings were brought by the Connecticut grand lodge to secure an equitable accounting by the defendant of certain funds and property held by the Massachusetts body, when the latter had jurisdiction over members of the order in this state. The case has been in the courts since the separation of the Connecticut lodges from the Massachusetts body and the formation of a separate grand jurisdiction.

Sprague lodge, No. 9, of New London, has just lost by sudden death one of its members, a native of New Haven, Charles Jordan, who has been engaged in the carriage painting business in Groton for many years. He died last Sunday, aged 50 years, and is survived by his wife and daughter, Mrs. Henry J. Macomber. He joined Sprague lodge, June 6, 1888.

Grand Recorder George Stroth of New Haven attended a notable open meeting held last Monday evening by Columbia lodge, No. 78, of Columbia, the new A. U. W. lodge organized last year. Also present were Grand Master Workman Frank E. Clark of Turnerville and Past Grand Master Workman John C. Pratt of Hartford.

At the grand lodge of the United Workmen, speaking of the substantial foundations upon which the order stands and its close relationship to the community was highly encouraging. The speeches were warmly applauded. The lodge members were present in full force and many people of the town were also present. There was also a social and instrumental entertainment given. Miss Holmes rendered piano selections admirably and Miss Daly giving two fine solos. The meeting awakened much interest and new members will probably be added in the near future.

### ORDER OF PROTECTION.

Slater lodge, No. 509, had a well-attended meeting in Pythian hall on Wednesday evening. Warden George A. Howard in the chair.

Two applications were balloted upon and it is expected that at the next meeting July 6 the lodge will have initiation with three and perhaps five candidates. Deputy Grand Warden Slater Walden was present at the meeting and made interesting remarks, as did also Brother Cole, junior past warden of Huguenot lodge, New London.

### HIBERNIANS.

At the last meeting of Division No. 1, held Sunday evening in Hibernian hall, President Michael J. Dwyer was in the chair and two applications were received. It was a pleasure to hear from two visiting brothers, John Green of Waterbury and Michael Holland, a member of the new division in Mystic. Arrangements were made to have a social evening for the next meeting, when Rev. W. A. Keefe and Dr. P. H. Harriman will be the speakers.

### RED MEN.

Tecumseh tribe, No. 43, elected its officers for the next six months at its meeting on Wednesday evening in Hibernian hall and their roll of officers at the next meeting. At the same time the appointive officers will be named and corn and venison will be served at a social session. The following was the list elected: Prophet, Joseph L. Smith; sachem, Walter L. Farrar; senior sagamore, Joseph N. Larsen; junior sagamore, Herman P. Wulff.

### FRATERNAL BENEFIT LEAGUE.

A social evening conducted by Norwich council, No. 25, on Monday evening in Pythian hall, made an enjoyable occasion for the members and the friends they had invited. Worthy President E. C. Pincus opened the meeting with brief words of welcome and then placed the programme in the hands of James J. Holland, the chairman of the entertainment committee.

The programme was opened by the Rosedale mandolin club of Montville, who were heard several times during the evening in well rendered selections. Its members comprise Misses Florence Holmes, Margaret Burton, Ethel Corne, and Minnie Bartlett, mandolins, Miss Iva Bartlett, piano. Little Alice Ramsay gave two selections that were cleverly done, reciting "The Goblins Will Get You," and singing "Put On Your Old Gray Bonnet."

After the great success of her evening of the evening was the trap drumming of Percy Adams, of Pittsfield, an eight year old expert with the sticks. He was accompanied on the piano by Miss Helen Adams. Mrs. A. E. Park was called upon and recited by request a short poem, "The Little Girl Who Was Afraid of the Dark."

After ice cream and cake had been served, there were further musical selections, and E. B. Worthington, the organizer of the council, spoke of the purposes, plan and record of the order.

A large number of the Norwich council members attended the anniversary of Jewett City council, No. 23, on Thursday evening.

After the regular routine of business was finished, the council chamber was opened for the reception of invited guests and known friends. A social session was held in which Jewett City council is noted on all such occasions, a large number of the friends were present to listen to the following well arranged programme:

Piano duet by Misses Katie and Emma Babcock, exceptionally well rendered and received encores; vocal solo by Miss Alice McBroome; after repeated calls she responded to an encore, backed up by Master Albert Bryant; vocal solo by little Miss Vera McBroome, which was enthusiastically received.

At the conclusion of the programme Supreme Secretary Frank P. Tyler of New Haven, was introduced to the audience and gave a very interesting and instructive address. His words were listened to with much pleasure and profit, as they always are. Supreme Guard Avery E. Ford of New Haven was next introduced and in his usual happy strain captivated his hearers by his witty and appropriate remarks.

Brother E. N. Pincus, president of Norwich council, was then introduced and in a few well chosen words spoke of the pleasure derived from membership in the F. B. L.

### ODD FELLOWS.

Accepting an invitation from Rev. W. T. Thayer, the two lodges of Odd Fellows, No. 11, and No. 12, of Norwich, No. 27, together with Hope lodge, No. 21, Rebekahs, will attend the First Baptist church on Sunday morning for their annual memorial Sunday. Rev. Mr. Thayer preaching. The Odd Fellows are to meet at their hall at 10 o'clock to march to the church in body, and the Rebekahs will meet at the church vestibule.

The annual memorial day will be further carried out on Saturday by the decoration of graves of deceased members. There are about 140 graves in this vicinity to be decorated, of which 123 are in Yantic cemetery.

There are four in Mapleswood, five in the Greenville cemetery, three in the City cemetery and three at Preston Plains. The following are the members of the order who have died during the past year: John McNickle, Chester Parkhurst, Charles A. Fitch, John W. Chubb, John W. Green, Dr. George R. Harris, W. L. Cochran, Harlan N. Kinney and Louis Green of Shetucket lodge, and Mrs. Augusta Monro of Hope Rebekah lodge.

The memorial day arrangements are under the direction of a joint committee of the two lodges—E. Green, W. S. Allen and Fred Wilson of Uncas lodge, and E. B. Miner, John A. Peck and F. S. Edmonds of Shetucket lodge.

### SONS OF VETERANS.

Their best meeting of the season is expected on Monday evening at the Buckingham Memorial by Sedgwick camp, No. 6, as they have a class of ten to a dozen to initiate and there is to be a degree team meeting. An evening camp of New London to do the work. The members of Sedgwick post, No. 1, G. A. R., have been invited to attend the meeting, which the Sons of Veterans anticipate will be the banner event of their year to date, and will mark the largest number added at once in a long time.

### WOMAN'S RELIEF CORPS.

Because of observing their memorial day on Wednesday this week, Sedgwick corps, No. 16, held its usual midweek dinner and work afternoon on Thursday instead of Wednesday. A very goodly number of the members present accomplishing work that will bear fruit later, as they are to try the experiment of a Saturday night baked bean supper for the public.

### DEGREE OF POCAHONTAS.

Officers were nominated on Monday evening by Sehequonah council, No. 11, at its meeting in Foresters' hall for election at the next meeting. An entertainment feature of much interest was carried out under the direction of the council, which consisted of Mrs. Grace Thorpe, Mrs. Beckman and Miss Mueller, through which votes were cast for the most popular members of the order present.

The Neosha Whist club, which has been conducting a series through the winter, has closed their season with a net result of a considerable profit. The net result of the whists will be close to \$100.

### ROYAL ARCANUM.

The stated meeting of Norwich council, No. 720, was held in the Buckingham Memorial hall on Tuesday evening. A large attendance. After routine business a short session with the carpet bowls made a pleasant diversion.

At the next meeting there is to be a social session with warm weather refreshments to \$100. The Neoshas are to hold a business meeting on Tuesday evening with Mrs. Button.

### ELKS.

As the time approaches for the annual grand lodge of the B. P. O. E., which is to be held this year at Detroit, July 9 to 16, some members of Norwich lodge, No. 490, are considering the possibilities of attending, but definite plans are hardly formulated as yet.

Past Master, Rudolph William E. Stevens is the lodge delegate and there may be others who will go. If they do it is probable that some will join the Hartford Elks, to be with special friends in that lodge, and others are likely to join the New London lodge, which is to have a special car and expects a large delegation to be in their party. They are offering a round trip for about \$50, including a trip through the Thousand Islands and other attractive side trips.

### The "Hyde of Land."

According to an ancient law in England, "a hyde of land" included what could reasonably be cultivated with one plow. This applied for scores of years, but at the dissolution of the religious orders in the reign of Henry VIII, the "hyde" or cultivated land of the abbots of Westminster, all reverted to the possession of the crown. That marked the gradual decline of that means of measuring land, and before many years the term fell into disuse, never to be revived.

### Her Secret Resentment.

A parson was sent for by a dying parishioner, who had always sternly refused to have anything to do with him before. He hurried to her bedside, found her in a most contrite mood and made the best of his opportunities in a long extempore prayer, ending with a sonorous "Amen!" The last word made her sit up with sudden energy. "Aye," she exclaimed, "that's it! It's a' for men and nowt for us poor women in this world!"

### Keeping Milk Pure.

If milk has been allowed to stand uncovered in a jug or bottle, pour the liquid carefully into another then all that has been sealed clean. Pour very slowly, so that the sediment is left at the bottom of the original jug, as this part of the milk is injurious. It is well to leave an inch or two of the milk in the first receptacle rather than the dregs merely.

### Serving His Sentence.

"I ain't seen de boss man for de longest. Whar you reckon he gone ter?" "I thought you knowed whar he gone. He went 'bout de country talkin' an' talkin' ever' day an' Sunday, an' de fus thing he knowed give him 50 days in de legislature an' he won't be back 'twel he serves his time out."—Atlanta Constitution.

### Praises American Woman.

Alfred East says that American women, like American machines, need but little man power. The American woman, he says, is the most chumable woman in the world, therefore she is the most charming. Our excellent educational system, he thinks, is responsible for the fact that American women are such "good fellows."

### Evidently Some Time Had Elapsed.

There is in London a school for mothers. One poor woman was dissolved in tears when he baby was undressed at the hospital and its wasted limbs revealed. She ingeniously explained her grief by saying that "It was a beautiful child last time it was undressed."

### The Man Who Worries.

The late George W. Childs of this city gave utterance to at least one philosophical thought that should be cherished. He said: "I hear of men being overworked, of being 'worked to death.' Don't believe it. No man was ever 'worked' to his grave, but many thousands are daily driven there by worry."

And to learn not to worry is well worth the very important thing that parents of children, inheriting a neuroathetic tendency, should keep in mind. We can't all of us, put aside by sheer effort of will the anxious or distressing thoughts which follow upon the rising of the setting of the sun, but we can cultivate or be taught the habit.

And to learn not to worry is well worth while. A good way, just now, for the man

### of the frowning brow and darksome mind.

is to take himself and his suit case in hand and go back to the scenes of his earlier and unsophisticated life. We advise him to go penitentially and in modest, sober mood, to take his way alone through the woods to the meadow where the cowpath winds—the route that has mint and pennyroyal all along it, and the ineffable and indescribable aroma of the sweet, clean animal life that has traversed and made it. He may presently come to a stream that widens into a swimming "hole." If that should be, let him, by all means, doff his worry—with his clothes—and renew his youth.

Philadelphia Press.

English statesmen are now realizing Mr. Roosevelt's exceptional gift for making generalities sound like current comment.—Washington Star.

### Can't Evade Customs Duty.

Mr. Loeb has made it clear that there is not much use of trying to beat the customs collections without an ingenious weighing device.—Washington Star.

# FORD Wins Perfect Score in New York-Atlanta Endurance Run

## Sixty-four Cars Are Beaten by the FORD Entry

The Ford car owned and entered in the Atlanta-New York Endurance Run by E. M. Willingham, a prominent business man of Atlanta, arrived in New York on time yesterday with a perfect score—came through clean as a whistle and was one of only six to escape penalization.

This Ford car was the only car selling for less than \$3,000 that finished perfect. There were seventy cars in the start—sixty-two entrants and eight official cars—and sixty-four of them were penalized, sixty-four of them had to lay up for repairs on the road, sixty-four arrived at control behind time. The Ford made every control from thirty minutes to three hours ahead of schedule.

Bear in mind that this winning Ford was owned, entered and driven by a private individual. The same car had been driven by him 4,300 miles before the start of this test. It was not a factory entry, was not driven by factory men and did not have a factory expert to keep it running. Mr. Willingham is in the lumber business. Mr. Abernathy, who came with him, is a manufacturer, and this run was their vacation. They are to be complimented on their pluck and the car on its class.

They never made the slightest adjustment in the entire 1,000 miles. They didn't tighten a bolt, change a spark plug or loosen a screw. The tool kit wasn't opened. A nail in the tire caused the only delay.

There's real class to a performance like that. There's real class to a car that can win a record like that. These five high-priced cars that also came through with perfect scores can feel mighty proud of their work. We are glad to accord them a place in our class. It rained with regularity, the roads were in frightful
